COMPANY OVERVIEW

One group.
Five ways to move forward.

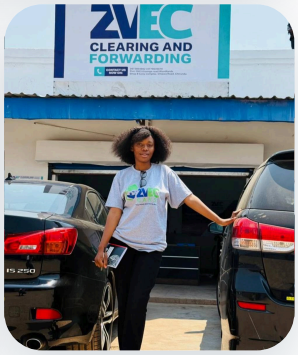

ZVEC Group of Companies is a proudly Zambian-owned group that empowers people, families and businesses through education, mobility, automotive care and trade. What began as Cake Market College, a small culinary school, has grown into five companies that work together.

Founded by entrepreneur **Mathew Mwetela**, the Group creates jobs, backs entrepreneurs and gives women and young people the skills and tools to earn a living.

Each company feeds the next. A student who trains at the College can learn to drive at the Driving School, buy a car through ZVEC Cars, keep it in shape at AutoGlow, and import stock through Clearing & Forwarding.

ZVEC College

TEVETA-accredited vocational and entrepreneurship training

Driving School

Professional driver training, with a focus on women

ZVEC Cars

Quality vehicle imports and sales

AutoGlow

Restoration, panel beating and refinishing

Clearing & Forwarding

Customs clearance and freight forwarding

“

Every person deserves a chance to learn, earn and prosper.

Mathew Mwetela
Founder & Group Chief Executive Officer

A MESSAGE FROM OUR FOUNDER

Built to empower.

At ZVEC Group, we believe every person deserves a chance to learn, earn and prosper. We started with one goal: to give young people, women and entrepreneurs practical skills that lead to real livelihoods.

That goal has grown into a group of companies that supports our clients at every stage, from the classroom to the driver's seat to their own business. As Zambia grows, ZVEC Group is ready to play its part in transforming the economy and empowering communities across the nation.

Our vision

To be Zambia's leading empowerment-driven business group, transforming lives through education, entrepreneurship, innovation and quality service.

Our mission

To provide affordable, accessible and innovative solutions that create opportunities, improve livelihoods and contribute to national development.

Our focus

- Skills development
- Women & youth empowerment
- Entrepreneurship
- Affordable mobility
- Job creation
- Community impact
